WELCOME BACK

Myrtle Beach Sports Center is proud to host incredible tournaments, events, programming, and community activities. As we welcome guests back to our facility, we want you to know that we are committed to providing a safe, clean, positive environment in which to play and spectate. We are following CDC guidelines for safety, including social distancing, wearing masks, and other precautions. We will be continuously monitoring and improving our operations for the safety of our athletes, spectators, and team members.

Please remember that these new policies and procedures are in the interest of protecting public health and preventing the spread of COVID-19. We are working to first keep you safe, and second provide a great player and guest experience. We appreciate your patience and understanding with these new policies and procedures necessary in this unprecedented time. During your visit, if at any time you have a question or concern, please find the nearest team member and we will assist you.

ENHANCED CLEANING PROCEDURES

We are using the CDC, state, and local recommendations for cleaning. We have increased the frequency of cleaning our restrooms, food preparation and consumption spaces, and frequently touched countertops/doors with sanitizing solution. Additional hand sanitizing stations have been placed around the facility for your use.

IF YOU ARE SICK OR SYMPTOMATIC, STAY HOME

We are in this together. In an abundance of caution for all our guests, we will not admit visitors who are currently displaying known COVID-19 symptoms, have been ill in the last 24 hours, or have been exposed to COVID-19 in the past 14 days. We reserve the right to ask guests to leave and will work with local law enforcement to do so if necessary.

SOCIAL DISTANCING

Our team and guests are expected to practice social distancing. Please stay six feet apart from other guests unless they are family members.

MASKS

Masks are currently required by City of Myrtle Beach executive order # 12. Please bring a mask and wear it in public spaces in order to prevent the spread of COVID-19. At this time, we are not able to provide disposable masks, as they are reserved primarily for healthcare workers.

SCREENING & TESTING

Everyone visiting our Center is encouraged to conduct a self-screening prior to leaving your home as your health is your responsibility. As you approach and throughout our facility you will find COVID-19 signs asking if you are ill to please stay home. Our team reserves the right to administer screening questions to any guest in order to help prevent the spread of COVID-19 in our facility.

Employees will be screened and have their temperature taken daily to assist with early identification and prevention. Guests will not have their temperature taken nor tested for the virus, as this is considered a medical procedure. If needed, local testing sites and health care provider information will be available.

REDUCED OCCUPANCY

Because of social distancing and other safety measures, our venue has reduced capacity in some areas. This may change the typical flow of traffic, alter game/ practice / match turnover times, and require enhanced cooperation from spectators. Signs will be posted in the facility and we will have additional staff on hand to help make your visit both safe and pleasant.

PAYMENT METHODS

To further protect our guests and team members, our facility has implemented a cashless payment system. All spectators must pay via credit or debit card for admissions and concessions. This system is used to limit the spread of COVID-19 through the passing of physical cash between persons.

POLICIES FOR ATHLETES

Our number one priority is the safety of all persons who enter into our facility. To best protect all those involved in our events, we have implemented the following guidelines for our athletes in particular:

- Athletes must wear masks when entering & exiting the building! When on the court and involved in physical activity athletes can play without masks.
- Athletes must bring their own water source - there will be no team or shared coolers. Water and sport beverages are available for purchase onsite.
- No handshakes or high fives before, during, or after games or matches.
- No team huddles
- There will be no sharing of equipment.
- We have implemented format changes to minimize time in the facility and to provide staff additional time to sanitize.
